The woman who cut my hair was very efficient and polite and nice and the salon is very professional and has a good atmosphere. There were no issues with the cut as far as something she did wrong, however I do not think I was assertive enough in explaining what I would of liked so it's hard to rate my overall experience. Next time I will try and bring in a picture to explain what I would like and highly recommend that to all.

Hi I have to share my shock and disappointment with the price of my 3 yo daughters hair cut (trim). No hair wash, 10 min trim, and out the door and \$30! Plus a tip of course. I will not return solely for because of this. I realize I should have asked the price prior to the service, but I think it should be noted.

After living all over the country, I have had hairdressers who have no idea what to do with my thick, frizzy, wavy hair, and I

have had hairdressers who have made me fall in love with my hair. Having experienced good hairdressers before, I now know exactly what to ask for. I asked for exactly what I wanted when I was at Mystique on Saturday. The problem was that my hairdresser had no idea what that meant. She completely butchered my hair. My hair would have been better had I not even had it cut. I sincerely regret this decision. If she did not know what I was asking for, she should have ASKED what I meant. Instead, she applied her own interpretation and ruined my hair. This was a horrible experience, and I will not be returning.

I love getting my hair done here but there (they have talented stylists for sure) but a big downer is that there is a lot of talk (complaining) about the actual establishment that I overhear

when I am there. It is no fun to be spending your money and time in a place just to listen to the people who work there complain. It is very negative and unprofessional. If there is a way to have the staff work out their problems and not complain in front of customers that would be great.

Most importantly: This upscale salon employs VERY TALENTED STYLISTS who are eager to please!!!! Receptionists are either very welcoming and friendly or busy talking with one another and slightly cold. While she was cutting my hair, stylist kept talking as she was very friendly but I just wanted to chill and space out. maybe she could have had a more balanced approach?....a little pricey and sometimes they charge different prices even for the same stylist so you have to stay on top of that. One time they charged 10 dollars for a bang cut and another time it was 15....FIGURE PRICE OUT AHEAD OF TIME!! nice selection of coffees/teas and sweets are always available which is a nice touch! Overall, a lovely, if pricey, salon with VERY TALENTED stylists...(oh, and where do you hang your coat or jacket?) No one helped out with that...

Service is consistently excellent, i have been getting Brazilian Blowouts, haircuts, and styles for events for many years. I get many compliments on my hair, which has always been difficult to style. I have been asked to model hair accessories as a result of Mystique styling (amazing). Thank you, CarolAnn, and the rest of Mystique staff. Best wishes and happy holidays!

To Whom it may concern, I had a great experience with Carol Ann (sorry for the possible mis-spelling) yesterday! First of all, she placed me in her schedule within less than 24 hours from when I requested the appointment. Second of all, although I have never been one of her clients prior to yesterday, I had a lovely rapport with her each and every time I visited the salon. Third of all, she made me feel very comfortable talking with her about my disappointment with my last 2 Deva haircut appointments. After doing my hair color touch-up, she made available time in her schedule to "fix" my haircut. I was very pleased with my hair not only leaving the salon yesterday but this morning, as well! Thank you for having such a friendly, understanding professional working in your salon. I will be sure to see Carol Ann from now on for both hair coloring/highlights and haircuts (hopefully she can learn the actual Deva cut like Anne used to do). My hair never looked better than when Anne cut my hair! Thank you, Carol Ann! Warm regards. denise

I've been going to this salon (and same stylist) for about 2.5 years - since I relocated to the east coast. I'm quite brave and open to new styles, short/asymmetrical styles, etc. I will not be returning to this salon/stylist anytime soon. My previous haircut (TRIM) was extremely uneven and totally choppy. I had an appointment to go back in for a clean up - but decided it was in my best interest to seek another salon/stylist - perhaps one who can be consistent, and perhaps, cut straight. Overall, I'm disappointed that I won't be returning. The salon/location itself is quite convenient and reasonably priced. But in all honesty - I'd be better off taking the scissors to my own hair or asking my teenage niece to give it a whirl.

I have been going to Mystique Hair & Skin for over 20 years and have had the same stylist during all that time. She is excellent. Once we brought my granddaughter, almost 2 at the time, for her first haircut. She squirmed and would not sit still even as she sat on her daddy's lap. Yet my stylist gave her an excellent, flawless haircut. Several months later when my granddaughter went back for her second haircut she was asked, "Are you ready for a haircut?" The answer was an affirmative, "YES!"

Taylor did my cut and color on my first visit and my color on my second visit. I recently relocated here from North Carolina, and came in with my Aveda color formula on an index card. She matched it perfectly, gave me a haircut I loved, and styled my hair so that when I left the salon it felt soft, looked natural, and was a great fit for my needs. The price was very reasonable for such quality service. I expected to pay more in NJ for quality hair care. Instead I paid less and received much higher quality.

I did not have a good experience at this salon. I explained to the stylist that I wanted layers and a face frame to make my hair less heavy so that it would have more volume and be less flat. I got one long layer and no face frame. She put a ton of product on my roots weighing my hair down and making it look very dirty. She told me I was finished when the top and back of my hair were still wet and laughed when I asked her to dry it fully (my appointment included blow drying and style). I would have complained when I was checking out if the woman at the front desk wasn't ignoring me to finish personal conversations with staff and rude. I recently moved back into the area and am looking for a stylist to maintain my highlights and color. Seeing as I still need a haircut because I just got a little trim and not at all what I asked for, it would appear that I will be testing out another salon much sooner then I expected.

Jane is absolutely the best stylist I have ever had. Color is always spot-on and exactly what I want, no matter what change we make. Cut is always perfect (I have medium-length, pin-straight hair) and she takes a generous amount of time to blow it out and make it look geat when I leave the salon. Plus she's a great conversationalist and very warm and kind. I always enjoy my visits to Mystique and am so glad I found Jane!!!!

When a business meeting came up on short notice, my need to get my hair cut went from "anytime" to "today." Although my regular stylist, the excellent Lisa, was off, I was immediately booked for a same-day appointment with Taylor. She has cut my hair before, and is also excellent. When I get my hair cut, I want what most people want: a stylist who I can trust 100% to make me look my best. Someone who will ask about my preferences, and do a great job. Mystique delivers this with the quality and value I appreciate. The staff also rate an "A+" for their friendly and welcoming service. A great place that earns my business every time, and has for many years.

I had a really great experience at Mystique for my bridal hair and makeup. Megan was absolutely amazing, I couldn't be happier with what she did. I first did hair and makeup trial with her, which went great - she understood exactly what I was going for and was very receptive to questions and changes I wanted to make. At my trial, she recommended doing balayage highlights as a way to make the hairstyle pop more. So I booked a separate appointment for that and they turned out fantastic. I got many many compliments on my hair and makeup at the wedding, including specifically about the highlights. They looked very natural, though - many people asked if I had been out in the sun. My bridal party also did hair and makeup at Mystique the morning of the wedding. I highly recommend doing this (as opposed to hiring one or two people come to you) because they have the capacity to do everyone at the same time, which saves hours and hours of prep time. Ed, the owner, coordinated directly with me about all the wedding appointments and was very responsive and helpful. My hair on the day of the wedding turned out exactly as I wanted (I had asked for some slight tweaks from the trial), and it stayed put beautifully for the entire day and night (around 16 hours!). I couldn't be happier with Mystique salon, and Megan in particular, and I highly recommend to other brides! I looked carefully in the Princeton area at different salons (I even did a trial at another salon that went terribly) and I think this place is really excellent and also very reasonably priced for the area.

Sadly, I was excited to have my hair highlighted and cut at this salon. Unfortunately, I was dissatisfied with what I received. The stylist herself noted that if I wanted more visible highlights I could come back during the week. I was not sure why it could not be done then since I was there already. I also anticipated my hair being cut considerably shorter and mentioned this. Again, I could come back. Well, I did come back and noted to the young male at the desk and the stylist that worked with me that I did not want to be the rude client, but I was dissatisfied with the cut and highlights. I was told that I would receive a call as to an after work hour appointment during the week so it could be corrected. Here we are 10 days later and I have still not received a call from anyone at the salon, and they did have my phone number. This tells me I was simply dismissed, there is minimal communication with management or they simply do not care.

Lisa Dantone is a fantastic hair stylist. I know she can be trusted to provide consistent, quality results. I highly recommend her to anyone. Regarding the salon's "new look", I was surprised to see it when I arrived yesterday. I liked it at first, but not so much once I sat in the chair looking into the long mirror, which has a bulky frame and narrower mirror field than the "old" mirror. The wall is overly "congested" and the customer's line of sight is limited, i.e., the customer is not able to maintain regular eye contact with the stylist as they move into "blind spots" created by the narrow mirror. On the up side, if you are interested in looking at your own legs, the new mirrors really enable that. ;)

Awful work fell out before she even made it to the prom. Expressed disappointment and was dismissed multiple times. To cover ass offered to fix but by then it was too late. What a waste of money. The owner is a jerk and blamed me for expressing my disappointment for the curls falling flat and the braids coming undone. We had to spritz her hair with water to coax her natural curls back and I had to redo the braid and actually fasten it properly with bobbi pins that weren't sticking out all over the place. So disgusted.

I love love love Mystique! I will never go anywhere else for a hair cut. The front desk staff is super friendly, and every time I've been there the owner is there, making sure everyone is happy. After I'm greeted, I'm always offered something to drink

and a little goodie to go with it. I love watching other satisfied customers finish their appointments as I sit and wait for mine to start. Everyone is treated like an old friend as you enter and leave. And I can not say enough good things about the stylists! I always come out feeling great and looking even better. Megan is the best! my first trip to the salon was the in the same day I had tried another hair place. I had this horrible cut from this other unmentioned place and Megan saved the day. . and my hair! From that day I vowed never to go anywhere else for my hair. .. and I told megan she could never leave Lol. When my husband was ready for a new look, I sent him to mystique for his first real haircut in years and he loved it. I had my wedding hair done here also and it came out beautiful and stayed the whole night. I highly recommend Mystique Hair & Skin Princeton Salon for everyone! Trust me, you'll be glad you went :)

Taylor was an absolute wonderful dream to work with. She made great suggestions on what to do with my hair, took off the amount of hair that I wanted her to cut off. Taylor suggested some products to use but wasn't pushy about getting me to buy them that day. The atmosphere of Mystique was so inviting, calm and relaxing that I could have stayed there all afternoon. There were so many good things about this place, but I have to say my favorite part of going here was the chairs, they actually lift your feet up so it feels like you are in a

recliner. Not once did I have pain in my neck (which I always get wherever I go) Pure bliss!!!! From the time I walked in till the time I left, I felt special and more importantly I felt that I was heard when I asked questions or advice. At no time did I feel I was getting a brush off. Great people, great atmosphere great place. This is a place I will go to over and over again.

I have been going to this salon for several years and I'm not too certain how much I will be going back in the future. My latest experience there was not great. I wanted full foil highlights with a simple trim and a blow dry. I feel like my stylist left me for way too long because the highlights were much lighter than what I wanted (she also returned each time smelling very strongly of cigarettes, so much so I had to breathe through my mouth). I also think she did not wash out the chemicals thoroughly enough as my scalp was stinging for hours after, something that has not been a problem for me since I was 14 and first dyed my hair at home. I expressed to her very clearly that I just wanted a simple trim to clean up the ends of my hair, not a fully restyled hair cut, and I was happy with what she did. However, I was not happy with what I was charged. I was charged at the top of the top range for full foil highlight and a full haircut with blow dry. I protested, saying that my haircut was just a simple trim, and that since a blow dry is included with the highlight, I felt like I was being charged for a blow out twice. The only response was that was just how things are done there. I thought that was pretty uncool, especially since I was a regular customer there and have been for more than six years. I've been mostly satisfied with my service there, and I have never been charged so much for the services I had done. I think it was \$90 more than what I'd been charged previously for the same exact service. I understand prices increase with inflation, but not that much in that short amount of time. Maybe it's just the stylist since I believe she was the one who ran up the prices for the cashier. Perhaps she got pressure from management to up the prices or she just wanted an inflated tip. She spent a lot of time with me, but it could have been less had she not left my foils in for so long. If I do return in the future, I will be sure to request a different stylist and get the exact pricing up front.

The only response was that was just how things are done there. I thought that was pretty uncool, especially since I was a regular customer there and have been for more than six years. I've been mostly satisfied with my service there, and I have never been charged so much for the services I had done. I think it was \$90 more than what I'd been charged previously for the same exact service. I understand prices increase with inflation, but not that much in that short amount of time. Maybe it's just the stylist since I believe she was the one who ran up the prices for the cashier. Perhaps she got pressure from management to up the prices or she just wanted an inflated tip. She spent a lot of time with me, but it could have been less had she not left my foils in for so long. If I do return in the future, I will be sure to request a different stylist and get the exact pricing up front.

I went in looking bedraggled and feeling winter-weary. My regular stylist in NYC, where I work, was on vacation for two weeks, and I could not look at myself one more day! Tracey was warm and welcoming. She listened to what I wanted and gave me a cut that rivals anything I got at the tony NYC salon, at half the price. I left Mystique feeling like Spring had arrived early. Giving this visit four stars the day after my first visit because Mystique is lacking some of the ambiance of other salons. It is a basic salon inside a mall. It would have been nice to have been offered a cup of tea, for instance. But who cares? If this style is easy to manage and grows in well, I will be back!

Sarah is the best, she is such a delight and always helps me look great when I visit! She is first and foremost and professional steward of your hair; she will never do anything that might damage it from color. I came in late fall to have highlights and she mixed up a nice reddish brown to accent my medium brown base. This visit, I brought a picture of a brunette with very intense blonde highlights. She thought we could work towards that color, so this visit she highlighted my hair with lighter blonde and brown. I left feeling beautiful and cannot wait for my next visit!

The salon personnel were quite friendly and willing to accommodate their guests. I am grateful that the colorist did exactly what I asked for. She (Tracey) was diligent in her efforts to consult and plan with me about the color outcome I desired. She delivered. Tracey also cut my hair exactly the way I asked her to. I would like to suggest that when blow drying hair after a haircut, to take the time to dry the hair as the client desires (what does the client do at home). Blow drying techniques and tools have advanced over the years (thermal brushes and blow drying hair in sections to provide body). I would like to give feedback to the owner. I am glad that I researched the salon and it's reviews prior to coming in. I had a stylist with over 25 years of experience. Had I not known that prior to coming in, I would have thought that the color consultant who was on site that day was there to assess someone's work because they were not doing a good enough job. I found that the presence of this person disrupted the natural progression of a new clients bond with their hairdresser; and undermined the hairdresser's

abilities in front of a new client. I must say that is the first time I have ever witnessed something like that in a salon. I think there is an opportunity here for better planning.

Tayler listened to my needs and did a great job with both a new color and cut. I had not seen her before, and she was exceptional at working with my thick wavy hair that sometimes stumps other stylists and giving me the layered, modern shag cut that I need to look good and have an easy wash and wear cut. My husband says the color is better than ever. She was able to squeeze me into her schedule when my regular stylist elsewhere was not available on short notice, as I have an important event coming up this week and definitely needed my roots touched up. I'll be coming back to Tayler again instead of my regular stylist, as she won me over with her great skills and easy manner. We hit it off right away. This was a great experience from start to finish.

Sarah is amazing! I have been going to her for just over a year now. We decided to jazz things up and do full highlights in a nice caramel; the result was magnificent. I have not been daring to try anything drastic in years, and this felt like exactly the type of change I needed. Sarah is realistic with my hair limitations (thin and breakage) so we worked together to find a suitable option for coloring. She and I hope to get my hair pretty muddy blonde by the spring so it's a good start!

I am giving this a low score because of the following: When I made the apt, I said I wanted an ombre and that I have long about middle of my back, thick hair so i will need extra time allowed. ** They scheduled me for a partial highlight which allowed half the amount of time a normal apt takes. ** That being said, my stylist was doing my hair and also someone elses at the same time. Which made me wait. **With being rushed, my ombre turned out with spotted pieces all over which then made me have to wait even longer. ** B/c I knew the stylist was doing two people at one time, I blow dried and styled my own hair. Which then made me see more spots, and once again having her put more dye in my hair. When I went to pay, the owner of the salon informed me I WOULDN'T BE CHARGED EXTRA FOR THE LENGTH OF THE APPOINTMENT!!! Hello, it took 5 hours to do an ombre. I should've gotten a discount b/c of the inconvenience. Not be told that they wouldn't charge more.

That makes no sense. ** I'm not sure who is all to blame, the person making the appointments, the stylist, or the owner, but I was not impressed and will be getting my hair fixed somewhere else. \$230 down the drain! I also tipped \$40 b/c I am not the person to leave the stylist broke, but still, I would've thought the owner would've step in and given me a discount considering all the crap I went through. What should've been a fun relaxing experience, turned into a stressful and unsatisfying one.

Taylor made my hair curlier than it has been in years. She talked me through the Devacurl process, gave lots of tips and was very helpful and friendly. I will definately go back to her! The salon is in a convenient location. It could do with a bit of an update maybe, but it's clean and tidy.

I'm really happy with the consult I received from Jane. I have mid-length, naturally curly [often frizzy] hair. She gave me a great cut and some good pointers on how to manage the humidity factor. The staff is professional, and the salon looks great.

Praises for Tracey for her magnificent care of my hair. I have never had so many compliments on it. At work, from family members and friends, even strangers, the response is "Wow, I love your hair!". It looks healthy and shiny, and she is doing amazing things with highlights to hide the gray without using a full-color dye. I have never been happier with how it looks. Thank you Tracey for your excellent work, and for taking me as a client over a year ago when I was having a bad-hair month that wouldn't end.

I called ahead to add a manicure to my preexisting visit for a haircut. The manicurist was really nice but the end product was very poor. I brought my own polish (Dior, not cheap polish) and the existing color on my nails was the very same. I let her adequately but not completely remove the polish since it was glittery and proving difficult. As soon as she started with the base coat, I knew I was not going to be satisfied. I noticed many hangnails still present, which I pointed out to her and asked her to remove. Next she started with the polish, and after the second coat, she was still missing the edge of almost every nail. I then proceeded to ask if I could touch it up myself before she put the top coat on. I think it was simply a sight issue for her, since she had no idea what I was talking about. In the end, for \$20, I felt it was a complete waste of money and I could have done it better myself. Afterwards, I got to see Sarah for my haircut, which was most pleasant and very well done. I have

been seeing Sarah for cuts just over a year and my hair has gotten much longer and stronger. I feel bad having to combine this review, because her work is stellar. I think Mystique has excellent stylists, but I think they need to work on the other services.

First time going to this Salon and the experience was wonderful. Everyone was on time and the process was very pleasant. I wanted to try the local hair stylist who was trained by the curly hair specialist in NYC, Devachan, which is where I normally go. I loved my hair cut and Tayler did an amazing job. I am so happy to have this option so much closer to home! No tolls, traffic or travel time!

I wasn't going to review, but since I keep getting emails, I will leave my experience. I came in for a Deva Cut. I was so excited because as anyone who has curly hair knows, haircuts can be a scary event. I was not too worried because I knew I would be in the hands of someone very experienced and I had read her good reviews. Everyone was extremely pleasant and my stylist was friendly and seemed to be confident and at ease while working on my hair. I was specific in not wanting my hair shorter than shoulder length and she complied. Towards the end of my service I noticed one side seemed to have quite shorter length than the other and pointed it out. She remedied this by pulling on my curls and using hairspray. I left feeling iffy about my hair, but normally that feeling goes away. Well by the time I had gotten home my hair had settled a bit and I could once again notice the difference from my left and right sides. It was like a different haircut on each side. After a few days of trying to work with it (and several friends and family negatively commenting on it) I called and spoke with the owner. The owner kind of blew it off as "a few curls settling" and said they would happily fix it. I tried to explain it was more than just a few curls, but he insisted I looked great when I left. When I went back to have it fit I was hoping the owner would be there to understand how bad it really was, but he was not in. The stylist

"fixed and evened out" my hair witch left me with hair too short to even pull up in a ponytail. This was even more upsetting as my main request from the beginning was that I retain my length, I was only looking for shape. The stylist had a great personality and she was an all around lovely young lady, but she ruined my hair. As a mother of two small children under 2, it's sometimes hard to feel great about how you look. My hair make it so much harder. This cut was at the beginning of the summer. I had hoped I'd start warming up to it, instead every time I try and style it I get upset. This was both the most expensive haircut I have ever received and the worst haircut I have ever received. I sadly will not be returning.

Ed, while my service with Tracey is always amazing, my daughter had her split ends taken off her hair by Jill. She did an incredible job, however, your staff charged me \$48 for a simple straight line trim (since she is 13). I was floored and upset that the cost was so high. Needless to say you won't get my business for my daughter ever again.

I had my haircut by Taylor. I love that each time she cuts my hair, it is styled differently. It helps me to figure out new ways to style it myself to add a little variety to my routine. I have never been disappointed by a haircut or style from Taylor.

Megan did an excellent job on my cut and highlight as expected. She is very personable and easy to talk to which makes it easy to communicate exactly what I'm looking for in a cut and color. She is awesome. Thank you! Ps I hope you share positive feedback with employees such as Megan, as it so encouraging.

I was treated very well when booking my appointment and when I was greeted by the front desk staff. The salon was recommended to me by the hotel I was staying at for a wedding. The senior stylist I was given was just ok. I showed her the style I was looking for, curls and a partial up do, and she was unable to do it. As a matter of fact, half my hair was down before I even left the mall. A salesperson in one of the stores I stopped in actually said I should have gone back to have it fixed it was so bad. The makeup, also ok. Nothing great. It did however give me a headache so the product must be cheap. I was mad at myself for tipping her \$30. It was not worth the \$153 for both services. What salon charges \$95 to curl somebody's hair???? I think this is what happens when they know you will not be a regular or return client.

Tailor was lovely and I really enjoyed my visit. But I wanted to provide a review based on my long time experience going to Devachan in NYC. I was trying to give another salon closer to home a chance. It was an ok visit and people were nice, but my gripe is that for the price-- \$90, it was not nearly as good as a cut in the NY salon. They do not cut deva style- the cut was exactly as you would have with any other stylist (separating into three parts and cutting without regard to curl). NYC was deliberate about cutting it in such a way that it follows your "S" curl and so it always grew out very nicely. The cut also took about 15 minutes max, which those of you who went to deva know that it takes a least 45-hour with the deliberate creative design work. HOWEVER, they will style deva- for you. Which is really nice if you don't want to leave a salon like a poodle and ultimately, I was B+ happy with my cut (having had so many terrible ones). I don't agree with the pricing for what I got though... and they charged me \$10 extra for the consult even after I told them that I've been getting my hair cut at the salon for years. So I guess i feel a little ripped off. For an additional \$20 I could go into the city, have the deva experience, which people- it's completely worth it. Good start, Mystique! but if you're going to call yourself deva trained, you need to cut deva

style. I never write reviews, but because Mystique was so nice and everyone was so well intentioned, I just wanted to provide feedback so that you can be the amazing salon that you strive to be. Again, Taylor, you are lovely and I enjoyed my cut!

I think one of your serious weaknesses as a company is that most of your hair stylists do not say hi or smile to the customers that they do not work with. Moreover, I see some of those workers even avoid making eye contact with those customers. In the country where I come from, this attitude is not acceptable by both customers and employers. Because of this, I do not prefer getting my hair done there. I must confess that I will have to come in for my hair tomorrow because other places are fully booked. Other than that, Mrs. Maggie is gorgeous. The only reason that I get my nails, waxing, and facial done there is Mrs. Maggie's being very nice to me and doing her job as best as she can. Regards,

I booked Mystique for my entire bridal party for my wedding day 5/4/14. The entire planning process was made very easy, setting up a trial at my convenience, and then individual appointments for each of my girls and also the moms. The hair and makeup services were excellent, and I felt very comfortable with Megan, telling her what I wanted and if I didn't like anything. I would recommend Mystique to any other brides in Princeton!

I went for a facial/waxing and pedicure with Maggie. Though, the pedicure was a last minute decision and she graciously accommodated me and I appreciate that. Maggie is an excellent facialist, and wonderful with the wax. I have never been burned, she looks carefully and gets rid of each hair out of place. The pedicure went fine, she didn't seem to be in a rush, she was wonderful.

My stylist was fantastic. I am very happy with my cut and color and highlights. But one thing that I really do not like about the salon is that you can't leave the tip on your card. It makes the salon feel more down-market and cheapens the experience. Every reputable salon allows you to include the tip on your card. It's a disservice to your stylists to have them only receive their tip in cash. It feels like you undervalue your stylists work, which in turn makes the client think they're at a less respectable salon. The other place where you need to leave a cash tip is at the nail salon where the staff is mostly illegal and kept off the books. It feels shady. You should really change this if you want the salon to build a good reputation. I was a new client and unaware of this policy and I don't carry cash. So checkout was awkward and left me with a bad taste in my mouth.

To some up my experience - I had to go to another salon later that day to get my hair "fixed". Basically the hair cut wasn't finished, neck line wasn't cleaned up, uneven lengths all over. It was clear that the manager/owner is trying to rush the stylists to cut as mush hair in the shortest amount of time possible. When he came by to tell the stylist - you have 15 minutes before your next person, I knew I was in trouble. Even waiting for my cut, he was clearly trying to squeeze in as many clients as possible.

It's very rare that I find a stylist who understands what it is that I want in a hair cut. It was my first time at Mystique and I honestly was not expecting to find one who would get me from the start. But all I did was show Jane a picture of what I wanted. I can honestly say that she totally got the style that I wanted and did a fantastic job at cutting and styling my hair! I am very pleased with the cut that I got and definitely will be going back! I even set a follow up appointment, which is not my normal thing to do! My friends and relatives all like my hair and complemented the style. I would highly recommend Jane and Mystique!

Good from the beginning to end. I have been searching for a replacement to a wonderful stylist who moved away. The appointment staff is pleasant, easy to work with. Salon was clean, with sufficient space to move around (always a challenge in prime locations). No waiting area inside the salon, but is located in mall, so easy to kill time in area. Hours coordinate with mall hours, which provides time for after- work appointments. I had an appointment with Tracey. She took the time to listen to my preferences, discussed what she was planning to do, showed me styling options. I already booked my next appointment.

Good from the beginning to end. I have been searching for a replacement to a wonderful stylist who moved away. The appointment staff is pleasant, easy to work with. Salon was clean, with sufficient space to move around (always a challenge in prime locations). No waiting area inside the salon, but is located in mall, so easy to kill time in area. Hours coordinate with mall hours, which provides time for after- work appointments. I had an appointment with Tracey. She took the time to listen to my preferences, discussed what she was planning to do, showed me styling options. I already booked my next appointment.

Jill was VERY patient with my 4 year old daughter who had only ever had her hair cut 2 times before and was very antsy and tough to keep still. We both love our haircuts and would go back again! Given we were walk-ins (no advance appointment) it was great to be accomodated within several hours.

This is about the fourth or fifth time I have had my hair cut by Taylor. She is great. Always listens to what I need and makes me feel very comfortable. I can say cut this, what about this, or maybe a little shorter and she works with me. Such a pleasure. And I don't know the receptionists names but again so nice when I call to make an appointment and so accommodating. Definitely a positive experience to keep me coming back.

Mystique salon takes good care of you. Stephany helped me find the right cut for my type of hair as I wanted the outcome to be stylish yet still easy to manage. I like how honest she is and how she explains how short my hair would turn out if I wanted to donate X inches off it. They also keep you updated with your appointment schedule. I am definitely going back there for them to take care of me.

I've been coming to Mystique, having my hair cared for by Tayler Connelly, for about a year. In that very brief period, she has transformed my hair - rescued it from over processing by my previous salon - restored it to health, shine, and bounce. The color is amazing! On my recent visit, I took the plunge and had about 6 inches cut off of my shoulder length locks, added layering (which I was always terrified to do) and even some face framing long bangs. Tayler did a fantastic cut. The best proof is that my hair looks amazing even when I wash and style

it myself - the cut is that good. Tayler takes the time to get to know her clients - and she listens!! Her service is always Excellent.

I had Taylor, and she was wonderful. Best experience I've had at a hair salon. Normally I don't talk to my hairdressers because I'm shy, but Taylor was so easy to talk to. She did a wonderful

job listening to what I wanted and providing input when I needed it. I love my haircut. Normally I get color done too and that's how I judge a hairdresser, but I didn't get any of that this time. I was really pressed for time in catching a bus after my appointment and had no cash on me to tip Taylor. I feel horrible, but I loved my experience and will definitely return so please let her know I'll make up for it next time.

I called to make an appointment and the man on the phone was very friendly and helpful. When we arrived, he offered to take our coats and asked if we wanted something to drink. I then met Stephany, the girl who cut and styled my hair. She was very friendly and helpful as well, and she made sure I was totally happy with my haircut. I had a lovely experience, and I'm overjoyed with the way my hair turned out! I would definitely recommend Mystique for haircuts and styling!

I am a curly girl and have had many deva cuts (and regular cuts) at various salons. I was able to get a last minute appointment on a Monday for a wonderful Deva cut with Taylor. I have had some of the best hair cuts from Ann in the past, so I knew I could trust Mystique. Taylor gave me an awesome deva cut. I'm so happy to wear my curly hair down now instead of wearing it in a bun everyday. Taylor was also able to give me some new styling tips to maximize my curl! I was also happy that Taylor used some great hydrating products on my hair and I didn't feel uncomfortably pressured into purchasing product. I'm so happy with my deva cut from Taylor!

I come from Europe and I am used to a very customer oriented approach from a hairdresser. It has been really hard for me to find a hairdresser in the US, since the majority of the salons have the "mass production" approach. Many times I would get in a salon and after 40min I would already be done and sent home with my hair half wet (I went to moderately to highly priced places). HOWEVER, the experience in Mystique was very different thanks to Sarah, a wonderful designer stylist. She took time to both cut and blow dry my hair and was very helpful with product suggestions that would work for my hair. I will definitely recommend Sarah to my friends. Although I give Sarah 5 stars, my review says 4 cause I think the people at the door could be slightly more kind.

I made my first appointment with Sarah who has been at Mystique for years. The day of my appointment arrived and I was greeted and sat in moments. The general ambiance of the salon is quaint and warm. Each of the stylists seemed to have regular clients in their chairs and all seemed quite happy. I only sat for a minute at most and Sarah called me over to her chair. She gave me a special treatment on my ends since my last hair

cut had been so long before. I was thrilled with my cut, where she really tried her best to keep my length and only trim my ends. She took time and consideration in blowing out my hair and gave me tips and suggestions for several products. Overall, I have visited many of the Princeton area salons and not really been regular at any. I am 100% in love with my hair cut, and will definitely be visiting again soon.

styling. Since I was a new client I paid for a \$40 haircut but the Deva styling is \$85. I liked the cut, Taylor was very friendly and passionate about cutting hair and the salon was very comfortable and friendly but unfortunately \$85 is out of my budget.

I had a DevaCurl cut and it was the worst haircut I ever had. The hairdresser just grabbed sections and chopped and I'm left with uneven layers. It wasn't as noticeable at first but after my hair settled it was extremely noticeable. It was severely overpriced and not worth the money. Also, I already wrote a review and it was deleted, so let's see if this review stays or if I will need to post it on another site that doesn't delete unfavorable reviews.

I got a DevaCurl haircut and it was the worst haircut of my life. I told her I frequently straighten my hair and she said she would cut it so I could still straighten it, but it looks terrible straight. I paid \$90 thinking that it cost that much because each curl is "suppose" to be cut individually (according to the DevaCurl website) however, she just grabbed sections and cut. I now have two distinct uneven layers. I have short uneven chin length hair on top and below shoulder on the bottom. She assured me it would look differently styled when she saw the look on my face. It's not as noticeable curly but you can still

see the unevenness. It also became more noticeable after about an hour or so when my hair started to settle down. I will NEVER go back to mystique or get a DevaCurl cut again. It will take me months to grow my hair back....

I have been a customer Mystique for a year or so - seen a number of stylists who are all good. But last few times I had seen Megan and she is just great. Because they are usually busy on the weekend, it does take a little bit of advanced

planning to set something up with the preferred stylist, but I found the effort to be extremely worthwhile. I will be back.

Taylor's DevaCut was extremely helpful to my hair's curliness, and I adore its newfound manageability! I appreciated her personable demeanor as well -- she wasn't garrulous, but initiated conversation in a natural manner, which is certainly more comfortable for my personality type. I'll definitely come back for my next trim or styling.

Finding a good stylist that knows your hair and can help you figure out what works is invaluable. I've been seeing Megan for a few years, and I told her during my trim the other day this the most versatile, and still easy, haircut I've had. When I got the cut at my previous appointment I brought some photo inspiration and she tailored the look for me.

My stylist was very friendly and attentive. My hair looks great and I got a lot of compliments on it. It's a bit shorter than what I wanted, but I did not bring a photo to give her an idea. I simply said, "above the shoulders, with layers and bangs." Definitely ticks all those boxes. The only reason the review is not 5 stars is because I just feel it's a bit too short. I still love, though!

I was getting married on Saturday and I could not have been more pleased on how my hair cut turned out. I would recommend any client with natural curly hair to visit Taylor.

I have been going to Mystique for over a year since leaving my former hairdresser of 10 years who was not listening to what I was looking for with my hair. I have been very happy with Lisa who took the time to hear what I wanted and has exceeded my expectations. I have very thin curly hair that lacked volume and that was damaged from color. Lisa recommended low light color and a haircut which brought back volume. I have been very happy with Lisa, as well as Amanda.

Great salon, and a good haircut. The stylist really listened to me and tried to provide me with what I was looking for. My only complaint is that its a bit pricier than I think it needs to be... the haircut was great but wasn't super high-end. Nor were there many perks or much pampering. So, I think Mystique might be persuaded to lower prices or offer specials. Groupon would be great too!

Jill did a great job with my haircut. She made me feel comfortable, listened to my needs and concerns, and was attentive and skilled while cutting my hair. She gave me a versatile haircut that allows me to wear my hair in different ways and recover from a past full of bad haircuts. My only complaint is the price-- I feel that for a salon of this size, location, and amenities, the price should be about \$10 less than it is... especially the number of high-end salons offering groupouns, etc. I'll still be back and would recommend to friends, but not to friends who are on a budget or looking for a really good deal.

Jill did a great job with my haircut. She made me feel comfortable, listened to my needs and concerns, and was attentive and skilled while cutting my hair. She gave me a versatile haircut that allows me to wear my hair in different ways and recover from a past full of bad haircuts. My haircut was great and I love seeing Jane. However, I'm disappointed that I was unable to leave a tip on my credit card for Jane. I left the mall, made a trip to the bank, and returned several hours later with a cash tip so that Jane would not be shortchanged, but this policy needs to be reassessed. If restaurants have this capability, your salon needs to figure it out.

Carolann has been awesome every time I've gone. She took me from brown to red, and then from red to blonde, which is hard to do! She even did it with minimal damage and no awkward transition colors. My hair is mostly blonde now with just a few remaining red streaks, but it looks natural and amazing with my skin tone. She really knows her stuff! Jane also has given me perfect hair cuts. I ask her for just a tiny trim and she does just that, not chop off 5 inches like other stylists elsewhere. I'm going to college next month but I will a way to come back as much as I can to keep my hair looking awesome :)

For the first time in many years, I didn't feel like a million bucks when I walked out of the salon. When I arrived home I noticed that my hair didn't have its usual bounce and shine, something I would expect after a \$124

color and cut. I don't know if the new person washing me out didn't add something to make it shine or the stylist's blowout was different. I'm very disappointed. I will be back, hoping this was a onetime bad experience.

I was alittle disapointed that you only reply to the very few bad reviews you have, Commenting on how people cant spell, and actually telling them what they said, My other friend saw that and ending up going somewhere else, customers arent always right in every salon, but they deserve alittle respect. and I am not stating my name because if I get a rude response I will never come back, You should try spending less time getting so defensive and it seems snooty. It wouldve been nice to reconize the 90% good comments.

Sue is great! I keep coming back because of her. However, during my recent visit the receptionist (Jenna) is not so warm. She kept me waiting, even when Sue is already available. And the other helper who processed my payment billed me incorrectly. She did not even ask Sue what was the process done for me and she was not smiling too. Needs improvement on customer service specially for the receptionists.

★★★★★ by Denise Herrera on 2013-06-20

I recently moved to NJ & finding a new stylist is always a challenge. Based on online reviews - I chose Mystique based on its convenient location as well as the number of stylists who know how to deal w/ curly hair. Jane did

an excellent cut & style & I will definitely return! In addition, she took time to explain the Deva cut method & provided other styling tips as well. I was pleasantly surprised that my first hair cut/style experience in a new state was this great!

★★★☆☆ by Jennifer Gall on 2013-06-14

I was unfortunately unsatisfied with the service I received this time. My color came out two toned and my hair was cut uneven. I hadn't realized this until I went to my friends cosmetology school and my friend was putting a roller set in my hair and realized it was extremely uneven. So there teacher had to re cut my hair. Definitely not what I expect from a salon who charges what they do. I would kind of expect that kind of service at a hair cutterly. I was under the impression that you pay for what you get and apparently this is not the case.

I have been going to this salon for nearly 8 yrs, i have never had a bad experience,my hair has always been so difficult to keep but Megan and Lisa never fail to produce a fantastic cut and color, over the years i have been a client, i have been blonde, dark, long and straight, short and spikey and bobbed!! regardless of the style i have come away with a better look than i asked for, i totally trust them and would recommend them to everyone. I find all the staff freindly, professional and helpful.

My experience was as always perfect. It was time for my summer cut and I just said to Sue cut it....she does such a great job! My color is always perfect. I have been coming for over 25 years and it is because of employees like Sue and Amanda. It feels like you are spending an hour with a friend. I also bring my 86 year old mother to Sue now and she treats her with such respect and makes her feel so good about herself. That is such a gift.

★★★★★ by Anon on 2013-05-29

We were a group of 6 people needing blow dries and haircuts in preparation for a wedding reception that evening. 2 of the 6 people were from out of town and not familiar with the area and were quite late arriving as they got lost. Obviously, this posed a problem for the reception/front desk, who were visibly concerned about the situation but they did remain polite and professional even though the 2 late people were throwing off their schedule for the day. 4 of the 6 people in our party were satisfied with their stylists, however, there were 2 that had blow dries done that were extremely dissatisfied because the stylist wasn't cordial, accomodating and didn't seem willing to deliver that required too much effort or time. Both of her

customers requested "volume" in the roots with blow dries that were straightened and curled in at the bottom. But, both ended up with flat hair that was weighed down by way too much product. On top of that, it was extremely difficult to communicate with the stylist since she was clearly not happy to be working that day - it was such a drag to have to pay someone who is completely unenthusiastic to do the work. We all understood that the lateness of the 2 of the 6 people in group was a major inconvenience but it was clear that the reception was communicating that with the stylists and that disrespect was being given to us through the one stylist who failed to deliver what we asked for. It's a shame because this salon has a great location and uses excellent products. The two haircut/hair styles and the other blowdry were really very good but we had to scale down this review to an average because of the one stylist that was so subpar.

Best salon experience I've ever had

★★★★★ by Mandee Cronic on 2013-05-21

From the moment I called the salon to the minute I left, the employees there made me feel so welcome and cared for. I have really poofy/frizzy hair, and Tayler took the time to explain the Diva 3-Step to me, and told me which specific products to use on my hair. I left the salon with gorgeous curls--turns out all I needed was someone to educate me on how to take care of them. It was definitely very pricey, but it was worth it because now I know how to get those curls at home, rather than leaving with a great cut and having no idea what to do with it the next day. Thanks Tayler!

I went in for a shampoo and style on a Saturday afternoon. My stylist was nice and very friendly, but did not style my hair the way I requested. I told her my event was that evening, so I needed my hair to hold for a few hours, but all my curls were nearly gone by the time of my event. She had to ask other stylists for suggestions and help multiple times too. The place seems like it has regulars, but I probably wouldn't go back.

★★★★★ by Anon on 2013-04-08

I had nancy for my visit at the salon and I enjoyed every part I would not change anything at all. She was very nice and asked if I needed anything to drink when my color was on. When applying my color someone wanted to ask her advice about a color and she was more then happy to help that shows me that she is a true hard working team player, and also people look up to her. As a whole all the stylist where nice and seem very close. The girl at the front was not all that friendly could loss the attitude when I walked in then when I was ready to leave we had to wait for the receptionist to be found I believe her name was Jenna I heard the girls asking If anyone has seen Jenna..I will be back because nancy was well worth it!!!

Another nice visit to Mystique!

★★★★★ by Gayle Fredericks on 2013-04-07

Another nice visit to Mystique! An hour-long luxurious facial with Maggie, then a cut with Megan, which is always super. The facial was so relaxing it was difficult to rejoin the real world back in the salon. The heated bed, soft lights, mood music and facial massages were perfect, a great way to feel pampered. Plus, my skin feels so clean and refreshed. I will do this again.

As usual, everything was great. CarolAnne was on time, she does a wonderful job, she is always upbeat and at the same time, professional, she knows her stuff. I am seeing her in about a month to get a Brazilian blow out that I had it done in Feb 2012. I was very pleased with it and I am doing it again.

She was helpful with giving tips and tricks so that I could style my hair at home with ease. I also appreciated her willingness to offer product advice/knowledge without feeling pressured to purchase.

★★★★★ by Jennifer Kelley on 2013-04-01

The quality of the cut was average, the highlights were above average, the shampoo & conditioning treatment were below average, the blow dry was terrible. It is obvious that the salon is run by someone who does not do the work (cut, color, shampoo, nail polish) himself which is resented by many employees. Good work is being dulled down to average work due to low moral. It's too bad, because this salon is located very close to me and is conveniently located near stores I frequent.

★★★★★ by Anon on 2013-03-31

I have been here about 6 times over the last year and like the hair cut and color that I have done (though a bit expensive compared to other places). However, some people in the staff seem to be unhappy with the way things are run and have a tendency to complain in front of customers. Everyone complains about work, but doing it front of customers just makes you seem unprofessional. Also, I have been 5-10 minutes late once or twice (due to traffic on Rt 1) and each time it seems the staff are visibly annoyed - each time there has been no one after me so I am not sure why this is the case. You can get a haircut anywhere, but it's the service that will keep you coming back.

★★★★★ by Loi Moliga on 2013-03-21

After an appointment with Anne I can actually say that I LOVE my curly hair! After pulling my hair back in a bun, almost every day, for over 15 years; I thought it was time to finally embrace the hair I was born with. I was extremely nervous going in for my appointment since I haven't had my hair cut by a professional in over 15 years. ANNE TRULY IS AMAZING! She educated me on how to care for my hair, which no one has ever done before. I know it is only a haircut, but this is definitely a hair lifestyle change for me. Thanks so much Anne, I would definitely recommend anyone with curly hair to get a Deva cut with Anne. In fact, my sister who faces the same issues that I have, booked an appointment with Anne 5 minutes after she saw my haircut ;) So grateful...wish I had done this sooner! Thanks again Anne.

Amanda is an excellent stylist. Sarah and Megan, who fill in for Amanda, are also excellent. The stylists are friendly, unpretentious, and punctual. I called Mystique for a last-minute appointment, and they were able to fit me in. I let the front desk person know that I was under a time constraint, so he said to come a little early and they would shampoo me and make sure I was out on time, which they did. I was lucky enough to have Carol Anne as my stylist - she gave me a *beautiful* haircut, and really listened to what I wanted. I'm SO sick of stylists trying to talk me into stuff. She had great

suggestions based on what I told her, and I love my hair!! I know people who've had bad experiences with Mystique, in fact I was one of them years ago, but I'm definitely going to be a regular customer from now on.

I really had a wonderful experience, from the moment I walked in I was greeted warmly, which actually means a lot to me. I was offered coffee and I was tired and the ambiance wasn't over the top, which is becoming too commonplace. Also, Jane, my stylist did a terrific job with my hair..I love my cut, color and how I looked and felt when I left. And the prices are reasonable and I didn't feel like they pushing products, just remembered that.

I want to start off by saying how much I love Jill and her skills with doing my hair! She is an amazing stylist and I could never think of going to anyone else. If I was just rating her I would give her 5 stars! However, the end of my experience when I went to pay the owner began to argue with her about the pricing of my hair. I was so embarrassed for Jill as a stood there waiting to pay, as he turned his back to me pretending like a couldn't hear or know what was going on. Instead of letting me pay and go on with my night, he bickered with her in front of at least 5 other people. Everyone was staring, it was the most awkward position I was ever put in so I can't even imagine how Jill or the other employees would feel. It was completely unprofessional. On top of all of it, the girls themselves are amazing, I will return only because I love Jill and how she does my hair. Hopefully, I will

never see that again or I will unfortunately have to find somewhere else to go. I hope he reads this and realizes that everyone pays attention and image is everything. Next time you want to scold someone about work, do it in private, not so everyone can see.

She's very good at waxing my half-leg and underarms and the stuff she uses doesn't hurt (unless the hair is REALLY long but there's no avoiding pain when the hair grows too much). The wax she uses is lavender in color which I like because that's my favorite color and Maggie is very friendly and social. She always has music playing as she works and she had Christmas carols playing for Christmas! I thought that was cute.

I had my hair (roots and highlights) colored and trimmed, finally!!!! and my facial, so relaxing that I napped during it. I already scheduled my next appointment for February. My daughter is also very happy with her haircut, her classmates complimented her, she was incredibly pleased. Prices are reasonable and it is worthit.

★★★☆☆ by Anon on 2012-11-20

They seemed to have trouble scheduling my appointment. They made it work, but it still seemed a bit weird. First they confirmed my appointment time and told me my stylist. Then they called and said that time actually isn't available and asked me if another time slot would work. At that point they told me a new time and a new stylist. Then when I showed up for my appointment, they said that there was a schedule conflict with the stylist they gave me, so they had put me with someone else. I don't mind, but it just seemed like they didn't quite have their act together.

This was my first time visiting Mystique for a manicure and pedicure. The front desk staff was friendly. However, Maggie, my manicure/pedicure technician did not even say hello to me, she only said my name and told me to go pick a nail color. Ann and Maggie did a great job. I have been there for 6 mos for Ann. Maggie for my first time. I know Maggie does pedicure but not filler. I just wish she could do filler too, so I could get everything done by this place. It would be more convience. My husband loves my hair. He wish I had this done a while back. . My hair used to be very fuzzy and not cut well for my curl. My husband told me try to get Deva Curl cut. He felt Ann will do a great job with my hair and he was right. Ann did a great job my hair and I love it. Believe me or not when I got my first Deva Curl cut and haircolor, my husband has to take me out for dinner to celebrate my hair. Everyone love my hair color and Deva Curl cut. I love the Deva Curl products. Maggie did a great job. I am very please my eyebrow. I am thinking getting my facial done from Maggie. The staffs are so friendly. The place is so clean. Only one thing I didn't know the hair blower cost extra.

Maggie

★★★★★ by Julia Simko on 2012-04-05

Maggie is the woman who waxes me on a regular basis. She is very good at it and she is also a very kind and social person. Just yesterday she waxed my underarms, lower leg and bikini line for my Easter trip to Florida. The wax she used was lavender! I was very happy about that because lavender is my favorite color. Usually she uses green wax. Another great thing about the lavender wax (and the length of my hair) is that it was the least painful of all of the appointments I've ever had there. The reason I'm giving 4.5 stars instead of 5 stars is because despite Maggie's great service, my hair (which isn't regular done at Mystique) is still a bit untamable from the haircut.

★★★★★ by Brenda Fainsbert on 2012-04-02

Ok, now that I used Nancy's name, I still expect to get an appointment with her and hope too many people do not fill-up her schedule! Every cut from her for the past 4-5 years has been beautiful! Remember the time I wasn't out of the mall and another hair salon owner complimented my hair cut and asked where I had it cut? Nancy is GREAT! I just let her cut whatever style she wants and I always look great! Never a bad haircut! Please tip her well!

As always, the staff was kind to my mother and my children. I go to Lisa for highlights, lowlights and cut. I loved the salon so much I bring everyone. The cuts are always flattering, edgy without being too crazy for my tastes, and they are always concerned with hair health. I also appreciate their dedication to following up with good product. The manager is always there making sure everyone is comfortable. He also helps with product advice. It is never a sales pitch, but rather a lesson on the latest and greatest new products. Love it!

Bad Experience-Stylist Should have fixed

★☆☆☆☆ by Jen Buchanan on 2012-03-28

Yesterday I had an appt with Tracy for a color and cut. I brought pictures of the color/cut. I had discussion with Tracy that I wanted a full highlight all blond with no brown spots (especially near roots and ears). When the color was done I noticed it was not as bright and there was still lots of brown. I asked her about the possibility of bumping the roots. She told me the brown would not show when it was dry. NO, that was not the case at all. I still cant pull my hair back. Then she did not give me the cut I requested. At the end I explained to her that this was not what I wanted. She seemed annoyed and rushed me out of the chair. When I came back there was another client in the chair. She pointed out that my hair would eventually grown out to look like that clients. I told her that was NOT what I asked for. With tip I spent \$245!!!! At the least she should have said look I have another client but you can come back later and I will fix the color for free. The cut can't be fixed at this point. Had she offered for me to come back I probably would be a repeat customer since I like the salon. The owner should call me and schedule me with someone who can fix this!

Hi: the styling by Sara was perfect, just in time for new website photos for the office! As to logistics, I received both an email and a call to confirm the appointment in the 48 hours before the scheduled hour, and had hoped that the email took the place of the call. One call that would be helpful is to let the customer know if the stylist is running behind schedule. I understand appointments can back up, but in my work, time is of the essence, so I'd rather wait 20 minutes at the office! thanks.
